

DRFA Disaster Recovery Funding Arrangements & SDRRA State Disaster Relief Arrangements Information Sheet

What is the DRFA?

The DRFA is a joint funding initiative of the Australian and state governments to provide disaster relief and recovery payments and infrastructure restoration to help communities recover from the effects of natural disasters and terrorist acts. In Queensland, this program is managed on a whole-of-government basis by the Queensland Reconstruction Authority (QRA).

Definition of an eligible disaster

A natural disaster or terrorist act for which:

- a coordinated multi-agency response was required, and
- state expenditure exceeds the Commonwealth's small disaster criterion, which is set at \$240,000 for 2021-22.

DRFA eligible disasters include:

Activation

DRFA Activation Requests can be made by any state agency or local government via QRA's Management and Reporting System (**MARS**) disaster funding application portal at recovery.qldra.org.au

Note: Activation Requests can still be made via email to DRFA@qra.qld.gov.au

In Queensland, the Minister for Fire and Disaster Recovery is responsible for activating the DRFA. The DRFA activation relies on the damage, loss and personal hardship information provided by state agencies and local governments.

Activation of the DRFA allows for eligible expenditure to be reimbursed by QRA to activated state agencies and local governments, and for loans to be disbursed to eligible individuals, not-for-profit organisations, primary producers and small businesses. This is done in compliance with the:

- Disaster Recovery Funding Arrangements (DRFA) 2018, and
- Queensland Disaster Funding Guidelines (QDFG) 2021.

The DRFA can be activated when the event meets the definition of an eligible disaster.

Note: The *activation* of the DRFA is not dependent upon the *declaration* of a disaster situation. A *declaration* of a disaster situation is a separate action and provides extraordinary powers for the protection of the public during a disaster situation under the *Disaster Management Act 2003*.

The declaration of a disaster situation and/or the activation of the Queensland Disaster Management Arrangements and/or the activation of the DRFA are independent and are not interlinked or conditional, although they may occur for the same event.

Australian Government – State funding of DRFA

For simplicity, the publicly acknowledged DRFA funding split is:

- **Categories A and B** – up to 75% Commonwealth and 25% State
- **Category C** – 50% Commonwealth and 50% State funding
- **Category D** – funding split is agreed to when the measure is approved.

Approval is by the Prime Minister and the Premier.

Community Recovery Fund

Aimed at community recovery, community development and community capacity building for the future.

LGWV will collate and review impact information, and if required, a request will be forwarded to QRA for review, then on-forwarded to the Department of the Premier and Cabinet (DPC). If endorsed by the Premier, it will be forwarded to the Commonwealth for approval by the Prime Minister.

Special Disaster Assistance Recovery Grants

Up to \$25,000 may be made available for small businesses, primary producers and not-for-profit organisations that have suffered direct impact from the eligible disaster. Grants can be used for clean-up and reinstatement, but not for providing compensation for losses (i.e. loss of income/trade).

The requesting agency will then review the information collated, and if it meets the requirements as set by the Commonwealth, a request will be forwarded to QRA for review, then on-forwarded to DPC. If endorsed by the Premier, it will be forwarded to the Commonwealth for approval by the Prime Minister.

Category D relief measures may be made available when the community is so severely affected by an eligible disaster that: additional funding is required to meet the particular circumstances of the event; and where a gap or need for special assistance arises that is above and beyond the standard suite (Category A and B) of the DRFA assistance.

Approval is by the Prime Minister and the Premier.

If local governments identify a need for a Category D Extraordinary Special Assistance relief measure, they are encouraged to contact the relevant state agency. The state agency will collate and review the information and, if necessary, prepare a request for QRA to review and on-forward to DPC. If endorsed by the Premier, it will be forwarded to the Commonwealth for approval by the Prime Minister.

Administering Authority: Dependent upon the type of assistance made available.

State Disaster Relief Arrangements (SDRA)

The SDRA is an all hazards relief program that is **100% State funded** and covers natural and non-natural disasters. The purpose of the SDRA is to address personal hardship and community needs for disaster events where the DRFA is unable to be activated. SDRA relief measures for the Personal Hardship Assistance Scheme and Counter Disaster Operations are the same relief measures that are activated under the DRFA.

The SDRA is able to be activated when LGWV identifies that local service providers have reached their capacity to provide a service to people experiencing personal hardship as a direct result of a disaster event, or that there are no local service providers to assist in the event of a disaster.

The Director-General of DPC (supported by QRA) is responsible for activating the SDRA. QRA will coordinate the delivery of the SDRA assistance measures.

Additional funding outside the DRFA & SDRA could be made available by the Commonwealth to assist communities to recover, such as the Australian Government Disaster Recovery Payment (AGDRP) and the Australian Government Disaster Recovery Allowance (AGDRA).
